

CHEMICAL INDUSTRY DIGEST

Introduction

Chemical Industry Digest is published by Blockdale Media LLP which was set up as a proprietary company (Blockdale) in the year 1987 for publishing technical journals. The journal was started by Vinoo Mathews after several years of experience in the chemical industry journalism in India and abroad, starting with as a quarterly journal - Chemical Industry Digest.

Chemical Industry Digest, is a publication registered with the Registrar of Newspapers, New Delhi under the Ministry of Information, Government of India under RN No. 47002/88. In 1989 Chemical Industry Digest was commissioned by the Department of Scientific & Industrial Research of the Ministry of Science & Technology of the Government of India to publish 4 special issues on Consultancy Engineering in an exclusive tie-up with them. These four issues were brought out successfully.

Chemical Industry Digest became a monthly journal in the year 2004. It is a professional technical journal catering to engineers and scientists in chemical process industries.

Chemical Industry Digest Annual issue is released in January, every year and it has been an outstanding success till date. The much awaited annual issues are kept and constantly referred to by readers for years due to the quality of content published.

The Chemical Industry Digest Annual, unlike the regular monthly issues from February to December, contains non-technical or not too technical content. It reviews every segment of the process industry from oil & gas, refineries, petrochemicals, fertilizers & other agrochemicals, all other downstream chemical industries to equipment & EPC industries. Many unique & distinctively different, topical & general interest articles & features are also published.

CHEMICAL INDUSTRY DIGEST

Monthly

35th Year of Publication

The Journal

Published by Blockdale Media LLP, **Chemical Industry Digest**, is a pioneer, in introducing first hand industrial journalism, designed to inform and update practicing management and engineering professionals in the Chemical Industry. The journal regularly presents features on current developments, state-of-the-art technology, group discussions, corporate profiles, industry scenarios, engineering approaches, new products and processes in production, main-

tenance, fluid flow, instrumentation, equipment fabrication, energy efficiency and conservation, environment and safety, R&D and more.

Several data oriented features such as new project activity, safety data on specific chemicals, market profile on specific chemicals plus directory like information with names, addresses of companies/organisations in various fields are also published regularly in Chemical Industry Digest.

Circulation

Over 45,000 copies of **Chemical Industry Digest** are bought to be read and preserved by a wide cross section of professionals in the chemical industry, as the contents of the journal are of lasting interest with tremendous retentive value. Each copy of the **Chemical Industry Digest**, on an average, is read by 10 engineering/management professionals, from top management to shop floor level, ensuring an **undiluted captive readership of over**

4,50,000 in the industry.

Chemical Industry Digest is read by professionals in the following industry segments: Refineries, petrochemicals, fertilisers, agrochemicals, chlor-alkali, chemical intermediates, drugs & pharmaceuticals, dyes, speciality chemicals, fine chemicals, chemical plant & equipment, consultancy engineering companies, instrumentation, pumps & valves, R&D organisations and Industry associations.

Circulation Breakdown	Distribution
Chemicals Manufacturing companies : 52%	Western Region : 54%
Equipment Fabrication Companies : 34% (including Pumps, Valves, Accessories and Instrumentation)	(Maharashtra & Gujarat)
Consultants* : 03%	Southern Region (Tamil Nadu, Karnataka, Andhra Pradesh & Kerala) : 23%
R&D * : 04%	Eastern Region : 7%
Libraries & Associations * : 05%	(West Bengal, Orissa, Assam etc)
Miscellaneous : 02%	Northern Region (UP, Bihar, Delhi, Himachal Pradesh, Rajasthan etc) : 16%

* These percentages should be looked at in terms of their overall numbers in the total chemical industry segment.

Other Activities

Blockdale Media LLP also conducts branded Workshops & Conferences on operations and functional areas of chemical industries. Termed as the Calibre Chemical Industry Digest Workshops, we have successfully conducted over 45 workshops.

Chemical Industry Digest covers the following major topics/areas:

- Latest Developments in chemical processes and operations
- Plant Operations
- Maintenance & Safety
- Environment & Energy
- Total coverage of chemical industry news - Indian & Foreign
- Equipment Design
- Trouble Shooting
- Business Development
- R&D
- Consultancy & Engineering
- Corporate & People Profiles
- Interviews
- Diary of Events
- New Projects
- What's New in Science?
- Sourcing (Addresses of leading suppliers, manufacturers and other service providers)

Reader Profile

Because of the above topics, the quality of the content and the readability, the Chemical Industry Digest readers are:

- Chemical Engineers, Mechanical Engineers, Scientists & Technical Personnel
 - From functional areas such as: Production; Maintenance; R&D; Business Development; Safety Health & Environment; Instrumentation; etc.
 - From industries such as: Oil & gas, refineries, petrochemical fertilizers & other agro-chemicals, chemical intermediates, drugs & pharma, dyes, chlor – alkali, perfumery, other fine & specialty chemicals
- and
- Chemical plant & equipment companies
 - Consultancy engineering companies
 - R&D Organizations
 - Venture Capital & Finance Organizations
 - Major trading companies
- Most of our readers are in the top management category (50%), about 35% in the lower management (shop & plant levels) and 15% in middle management.

Advertisers

Over the years, advertisements in **Chemical Industry Digest** have helped companies consolidate their marketing efforts, get orders worth lakhs & crores of rupees/dollars and have been instrumental in facilitating marketing arrangements, technical tie-ups and collaborations. Our advertisers have been growing and they are loyally staying with us due to the benefits of advertising in **Chemical Industry Digest**.

To show the kind of companies advertising with us in terms of their functions, we are giving below a selected list of those who have/and are advertising with us.

- Aker Solutions (EPE)
- ABB (Heat exchangers)
- Alfa Laval (Separation, Heat exchangers & Process equipment)
- Andritz Separation (Separation)
- Anshul (Specialty chemicals)
- ATE (Pumps)
- Atlas Copco Compressors (Compressors)
- BHEL (Pumps, Heat exchangers, Valves)
- Bela Instruments (Instrumentation)
- Bonfiglioli Transmissions
- Bruker India (Analytical instrumentation)
- Chilworth Technologies (Safety)
- Clariant (Specialty chemicals)
- CPC Simulation (Software)
- Dietrich Engineering Consultants (Material handling)
- Edwards (Vacuum)
- Evergreen (Separation)
- GEA Process Engineers (Process equipment)
- Graphite India (Heat exchangers)
- Heidelberg Prominent (Pumps)
- Hoerbiger India (Compressors)
- HRS Process (Heat exchangers)
- ICB – Tecnimont (EPC)
- Ion Exchange (Water management)
- Kirloskar Bros (Pumps)
- KMPT AG
- Koch Chemical Technology Group (Distillation, Packings)
- KSB Pumps Ltd (Pumps)
- Lanxess (Specialty chemicals)
- Machinomatic (Vacuum)
- Mathesis Engineers (Process equipment)
- Mazda (Vacuum Pumps)
- Metrohm (Analytical Inst.)
- Pepperl + Fuchs (Pumps)
- Prehence (Canned Pumps)
- Premium Energy (Motors)
- Reliance (Petrochemicals)
- Rieco Industries Ltd (Conveying systems, Size reduction equipment)
- Rockwell Automation (Automation)
- Sandvik Asia (Steel)
- Schuff Specialty Valves
- Siemens (Automation)
- Solutia (Specialty chemicals)
- Sulzer (Heat exchangers & Tower packings)
- TCE Consulting (EPC)
- Thermax India (Enviro)
- Toshniwal Brothers (Instrumentation)
- Uhde India (EPC)
- Waters (India) - (Instrumentation)

Your Advertising - An Investment

Your promotion in the **Chemical Industry Digest** gives you excellent marketing and sales returns:

- **Chemical Industry Digest** with its undiluted target audience both at the top as well as middle management levels, provides repeat exposure to your product/service messages appearing in excellent editorial environment !
- Printing and production are of high class, creating tremendous appeal !
- The journal's long shelf-life ensures greater mileage, reaping rich dividends for your investment!
